

Sustainability policy

I I: ENVIRONMENTAL POLICY

The Hotel Management

As part of its actions for environmental management and protection, guided by the provision of high-quality services within a framework sustainable for both itself and the environment, has established the following environmental protection policy.

The Hotel and its Management are committed to:

- *Complying with every legislative or other requirement applicable to its activities and related to its environmental aspects.*
- *Evaluating the environmental impacts of its activities with the goal of reducing or eliminating any negative impacts and overall greenhouse gas emissions resulting from them.*
- *Acting in every possible way towards protecting the environment, preventing pollution, and conserving biodiversity.*
- *Aiming for continuous environmental improvement and enhancement, as well as reducing the Hotel's energy footprint through the establishment of goals.*

Based on these commitments, the Hotel aims to:

- *Implement actions to conserve energy, reduce water consumption, limit the use of environmentally harmful chemicals, manage wastewater effectively, and reduce and properly manage solid waste.*
- *Collaborate with other relevant bodies to preserve natural beauty and protect local fauna, flora, and biodiversity.*
- *Apply appropriate circular economy practices to the above actions.*
- *Inform all partners and associates about the environmental actions undertaken by the business to raise awareness and encourage participation.*
- *Train and raise awareness among staff to actively participate in the environmental management system.*
- *Inform customers about environmental actions to encourage their active participation.*

The above policy goals are achieved through the Environmental Management System by setting specific and measurable objectives, regularly monitoring environmental parameters, assessing the performance of interventions, inspecting the system's performance, and reviewing its objectives to upgrade them.

Staff at all levels of the company is informed about the Company's Environmental Policy and is obligated to contribute to its implementation.

The Company's Management is committed to supporting the implementation of the Policy.
